

WHAT CAN I RECYCLE?

Many Americans try to recycle, but aren't quite sure what can and can't go in the recycle bins. Every city has its set of rules, which means there isn't a universal list of things you can recycle.

To help sort out the recycling rules in your town, call your local recycling center and go through the list below to see which items can be recycled. If you can recycle it in your town, simply check the box next to the material.

METALS

Aluminum Cans

Aluminum Foil

Steel & Tin Cans

GLASS

Clear Glass

Brown Glass

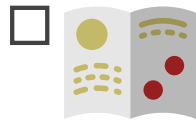

Green Glass

PAPER/CARDBOARD

Boxes

Magazines
